What is 'Annual work programme' ?

How did we draft the AWP 2018?

- The objectives of the Regulation itself: (i) increase the number of activities aimed at third countries where there is the highest potential of growth and (ii) in the internal market, inform consumers about the high standards of EU products, notably the EU quality logos
- For third countries, a macro-economic analysis on projected increase in imports for a selection of products suitable for inclusion in promotion programmes on existing or emerging markets, peered with imports' growth potential, as well as a policy evaluation on FTAs or expected removal of SPS barriers
- Member States contributions (MANCOM)
- Contributions from stakeholders, consulted through the Civil Dialogue Group on Quality and Promotion
- Experience from the first years of implementation of reformed promotion policy

Outcome of 2017 calls for proposals

Statistics available at:

<https://ec.europa.eu/chafea/agri/news/commission-decision-simple-programmes-2017>

Outcome of the evaluation for simple programmes:

Status of proposal	n° of proposals	Share of all proposals
Accepted	52	28%
Reserve list	9	5%
Rejected - below threshold	101	53%
Ineligible/inadmissible	27	14%
TOTAL	189	100%

Outcome of the evaluation for multi programmes:

Status of proposal	MULTI call	
	n°	%
Accepted	9	26%
Reserve list	8	23%
Rejected - below threshold	9	26%
Ineligible	9	26%
TOTAL	35	100%

Lessons learned from 2017 calls

- Competition (and therefore probability of getting EU funding) depends on the topic chosen; for some topics, there is a 1:10 ratio of retained proposals
- The number of ineligible proposals has decreased in comparison to 2016
- Eligibility and representativeness conditions still seem difficult to grasp and should be given additional attention

Reasons for rejection: eligibility and admissibility

- Inadmissible: mandatory annexes and supporting documents not submitted, proposal sent by email after the deadline
- Out of scope: e.g. project not promoting an eligible product or scheme
- Ineligible applicants: applicant organization not eligible or not representative of the product/sector promoted, private companies acting as co-applicants, non-EU applicants

Reasons for rejection – quality of proposals

Award criterion	N° of proposals below threshold
Contribution to policy objectives	14
Technical quality	67
Management quality	54
Cost-effectiveness	98

Quality of proposals – weak points

- Programme objectives are not well defined
- Activities and deliverables are not well defined
- Union message is lacking
- Organisation and risk management are not described
- Evaluation methodology is absent
- Poor cost effectiveness

Reasons for rejection: quality of proposals

Common mistakes: see list on [Chafea website](#)

Re submitted proposals do not take into account comments provided by evaluators in 2016

Additional issues:

Large amounts of product samples and large budgets dedicated to their purchase

Several applicants have declared that their proposal was promoting a national quality scheme, but were in reality promoting collective trademarks not registered as national quality schemes

Final advice

- Read carefully the call text, FAQ, and the relevant regulations: Is my organisation eligible? Does my proposal correspond to the topic objectives? Is it compliant with all call conditions?
- Follow the instructions provided in the Guide for applicants
- Pay attention to “Award criteria”
- Do not wait until the last minute to submit your proposal
